

Our client is a successful marketing organisation based in Swindon and they are looking for a Middleweight Graphic Designer to join the team.

As a key player in a professional, creative and marketing company, you will have the opportunity and autonomy to help develop their clients own brand as well as creating new ideas for the marketing of clients and working at the front end of their graphic and advertising innovations.

You will be responsible for creating across all media: brochures, signage, exhibitions, packaging and web assets from concept to completion.

If you're a talented designer with an eye to detail in both design and presentation, enjoy a varied environment and looking to join a forward thinking, customer focused team, our client can offer you an excellent career opportunity.

Ideal Skills Required:

- A passion for design-with the ability to apply design with the end application in mind.
- Honest
- Knowledge of commonly used design packages
- Reliable
- An excellent level of spoken English, grammar and spelling
- Self-motivated and driven
- A great work ethic, with a 'can do' attitude
- Time management skills, working to tight deadlines (within clients' budgets)
- Great communication skills on all levels
- Customer focused
- Ability and desire to learn new and varied skills
- A good team player- ability to share best practices

If you have the skills for this role then apply today to find out more.
